Go Healthy Month Coming in September

Through the help of the American Heart Association and the Clinton Foundation, The Alliance for a Healthier Generation has designated the month of September as Go Healthy Month to focus efforts on preventing childhood obesity and creating healthier lifestyles for all children. Go Healthy Month is an opportunity to engage and educate kids across the nation to motivate themselves, their families and friends to eat better and move more. Throughout the month, kids in communities around the country mark the importance of being healthy with celebratory activities, events and forums. We will engage young people in a dialogue about their health and provide them with real solutions that result in real change. To learn more, visit HealthierGeneration.org.

Gift Shop News – Have you seen the shop lately? We have a lot of new merchandise just right for gift giving or for decorating your own home. Our Autumn Bearington Bears are out and they are beautiful. If you love to read, our hard-cover, slightly used, book section is doing very well and of course we continue to have best selling paperbacks in the shop.

BACK TO SCHOOL SUPPLY PROGRAM

Chaplain Jack Long and Elaine Snee view the various items donated for the Back To School Supply Program.

We collected 93 backpacks and they got jammed full of supplies from our list. Sixty-two were designated for our in-house people. Thirty-one will help others with needs for the homeless and disadvantaged children. These will all be gone by the end of the week. One Classroom of Special Needs Children received two boxes of supplies and four other schools were given two boxes apiece. These were delivered yesterday. A great THANK YOU to the employees, staff and volunteers who gave so freely to help in this important program for the kids.
